SOFTWARE ENGINEERING APPLICATIONS

[EdisonInteractive.com](#)

Nov 2019

- Worked alongside C-suite executives, brand designer, and project manager to deliver a clean, user-friendly front-end-focused website to advertise what Edison is and why you should care
- Utilized Vue.js with Vuetify and CSS to build front end, with a Node.js server running the back end for sending contact requests from users
- **Technologies Used:** JavaScript, HTML5, CSS3, Vue.js, Vuetify, Node.js, Express, MySQL

StarSearch Movie Database

[\[GitHub\]](#) | [\[iOS App Store\]](#) | [\[Google Play Store\]](#) | May 2019

- Solo project to build iOS- and Android-compatible full-stack mobile application
- Allows users to search by two movies or TV shows to find actors that have been in both, or search for two actors to return movies and shows they've been in together
- **Technologies Used:** JavaScript, React Native, Expo, Node.js, Express, MongoDB, Mongoose, Heroku, Google Play Console, App Store Connect

EXPERIENCE

Edison Interactive, Junior Web Developer

July 2019 – Apr 2020

- As an agile team member, regularly contributed code to maintain, build, and upgrade upon web-based projects such as administrative panel layout and functionality
- Lead developer on building [EdisonInteractive.com](#) using Vue.js/Vuetify front end with a Node.js back end
- Contributed towards structural and functional builds of [EdisonLive.com](#), marketing a new product rapidly developed and introduced to respond to the COVID-19 crisis

Cochlear Americas, Recipient Support Specialist

June 2016 – Nov 2018

- Simultaneously managed multiple systems including Oracle, Salesforce, and Brightree while directly engaging with customers
- Implemented efficient process improvement solutions to improve global business operations, including managing a Lean Six Sigma Green Belt project

FoodServiceWarehouse.com, Senior Customer Care Specialist

Mar 2015 – Apr 2016

- Collaborated with various departments to ensure accurate order processing and fulfillment

Signpost, Sales Associate

Mar 2014 – Nov 2014

- Independently managed a personal sales pipeline for small business marketing software
